MALA MINI HOTPOT
PREMIUM OUTLET

MMHP's soup recipes are based on authentic Sichuan hotpot cuisine from the era of the Republic of China. Since the company's establishment, we have adhered to the philosophy **"Quality Assured by the Use of Premium Ingredients"** and have endeavoured to cultivate Sichuan hotpot cuisine in order to promote and introduce it internationally to countries with a sizable Muslim population, such as Southeast Asia and Middle East countries.

An authentic representation of Sichuan cuisine, the Mala Hotpot, has a strong, spicy, and numbing taste. Hence, there are various tales that have been told about the origin of Mala Hotpot. This tale is widely circulated and generally accepted.
